

Come Join Us For The Introductory Workshop For

Quantitative Literacy Across the Curriculum

Friday, September 23

Morning Session: 10:00 am – 12:00 pm

Afternoon Session: 1:00 pm – 3:00 pm

Gothic Lounge, H202

Presenters:

Dr. Corri Taylor, Wellesley College*

Dr. Laura Pannaman, Biology Department

Dr. Beimnet Teclezghi, Mathematics Department

In the morning session, Laura Pannaman and Beimnet Teclezghi will introduce the QLAC initiative and pilot program at NJCU. Corri Taylor will discuss Quantitative Literacy and how it can be incorporated into courses across all departments.

In the afternoon session, Corri Taylor will work with faculty members to discuss how to incorporate QL into their courses. Faculty members are encouraged to bring their ideas and/or preliminary assignments for feedback. Adjunct faculty are welcome.

We look forward to seeing you at this workshop, and subsequent area-specific workshops during the semester.

*Corri Taylor directs the Quantitative Reasoning Program at Wellesley College. She has advised dozens of colleges and universities in their development of QR programs, courses, and assessment instruments for incoming students. She has also served as an evaluator for several grant-supported QR programs and departmental reviews. Her recent efforts have focused on QR in secondary schools, in particular, running professional development workshops on QR for teachers and creating on-line resources for middle and high school students. In 2011, she completed her four-year term as president of the National Numeracy Network.

RSVP to Laura Pannaman (lpannaman@njcu.edu) by Friday, September 16
