Mission and Vision Statement

The Student Government Association at New Jersey City University strives to support, develop, and encourage the student body by providing a wide range of resources, enhancing the platforms for innovative experiences, and leadership development.

As Student Government, our mission is to focus on inclusion, access, support, community involvement, and student well-being. These five areas are the foundation of all the work that is executed on behalf of NJCU students. Student Government is a platform which gives all student a voice and ensures that their concerns are known. We provide student clubs and organizations with professional development and leadership workshops and resources.

Above all, Student Government works to preserve the rights of students of all cultures, religions, genders, sexual orientations and socioeconomic backgrounds. We strive to treat every student on our campus with equity and respect and are committed to the advancement of all students.
