NJCU SCHOOL OF BUSINESS

Bachelor of Science in Entrepreneurship

Earn Your Business Degree Close to Home with NJCU's "3+1 Advantage"

The B.S. in Entrepreneurship prepares students with the required skill set to thrive in this rapid and innovative economy. Students work with businesses on how to creatively solve real-world problems, apply business models to their solutions, and then assess the feasibility of their start up idea. It's an exciting world and students will learn firsthand how to be prepared to handle start-up, small business and global business problems.

Cutting-edge programs, resources, events and opportunities have helped to establish NJCU as an essential part of the innovation and critical thinking economy. Thus, this program focuses on coursework and applications that incorporate current research, ethical decision-making and models of best practice. The interdisciplinary curriculum will enable students to learn how to effectively market, manage, and apply analytics and data driven decision making to new or any size existing businesses.

Additionally, students will interact directly with the entrepreneurial community, focusing on changing demographics, cultural assessment, and consumer-oriented listening. Emphasis is placed on the development of analytical skills and decision making processes through practical application of theory in the field.

"There are nearly 30 million small businesses in the United States employing 47.8 percent of US workers. All of these small businesses have a big impact on the US economy through job creation, innovation, and economic impact."

U.S. Small Business Administration, 2019

Why Choose NJCU For Your Degree?

- Ranked "Best Bang for Your Buck" Among Public Universities in the Northeast with easy transfer of credits
- Classes offered close to home, online, in-person and blended to fit your busy life
- Extensive and relevant degree options in high demand fields for existing job holders, business professionals and career changes alike
- Full-time NJCU business faculty teach, advise, and provide personalized support to students
- NJCU School of Business programs are accredited by ACBSP – a global standard of excellence in business education
- Access to specialized services for OCC students and transfers including academic advising, special speakers and business focused career counselors to help you find an internship or co-op close to home in a field of your choice

NJCU School of Business proudly partners with Ocean County College to offer students the opportunity to earn bachelors and master's degrees in a wide range of programs previously unavailable to residents in central and southern New Jersey.

NJCU is a member institution in the Clinton Global Initiative University (CGI U) whose mission is to "engage the next generation of leaders from across the country and around the world to discuss and develop solutions for the most pressing issues on their campuses, in their communities, and across the globe." An initiative of the Clinton Foundation, in the CGIU students develop their own Commitments to Action — new, specific, and measurable projects to address pressing challenges in their communities — and the year-round curriculum culminates with CGI U's annual meeting.
