November 4, 2021

Senate Committee on Community Engaged Learning Report

The Committee met on Thursday November 4th to discuss our first two priorities: 1) institutionalizing CEL at NJCU, and 2) a rubric/evaluative measure/checklist for CEL course proposals. Navin Saiboo was present and provided very needed feedback on how to get CEL into CIM. Navin said CEL is already in PeopleSoft as a course attribute but PeopleSoft and CIM don't talk well to each other. Navin will work on getting CEL courses flagged for students during registration for Spring 2022. The committee then began deliberating the important components of a CEL course as the first step to creating an approval device. More conversation on this to follow next month.

The Committee still needs a student representative.
