NJCU SCHOOL OF BUSINESS

Bachelor of Science in Accounting

Seamlessly Transfer Credits and Earn Your Degree Close to Home With Dual Admissions

Completion of this major prepares a student for a career as an auditor in either public accounting, government accounting, or internal auditing. The student may also pursue the fields of tax consulting and preparation, management accounting, budget analysis, forensic accounting, or financial analysis. Continued study may include a master's and/or doctoral degree in taxation, forensic accounting, compliance, business, or law.

A Bachelor of Science in Accounting provides a detailed understanding of how accounting systems are structured and implemented, as well as a valuable foundation in how businesses function. Students completing this major are prepared for a career in public agencies or private firms as an auditor, tax preparer, budget analyst or corporate manager. The accounting degree provides the required background for students planning to pursue an M.B.A or other graduate program. Undergraduates may also take the five year combined Bachelor of Science to Master of Science in Accounting Program.

The accounting curriculum also prepares students to sit for the Certified Public Accounting (CPA) examination. In New Jersey, students need 150 semester hours of college credits. The undergraduate accounting program combined with the Master of Science in Accounting is designed to meet this requirement. In addition the degree is an excellent base for students planning on pursuing an M.B.A. or an M.S. in accounting.

Why Choose NJCU For Your Degree?

- Ranked "Best Bang for Your Buck" Among Public Universities in the Northeast with easy transfer of credits
- Classes offered close to home, online, in-person and blended to fit your busy life
- Extensive and relevant degree options in high demand fields for existing job holders, business professionals and career changes alike
- Full-time NJCU business faculty teach, advise, and provide personalized support to students
- NJCU School of Business programs are accredited by ACBSP – a global standard of excellence in business education
- Access to specialized services for MCCC students and transfers including academic advising, special speakers and business focused career counselors to help you find an internship or co-op close to home in a field of your choice

NJCU School of Business proudly partners with Mercer County Community College to offer students the opportunity to earn bachelors and master's degrees in a wide range of programs previously unavailable to residents in central and southern New Jersey.

NJCU offers students a seamless path to earning a bachelor's degree through our Dual Admissions program! See your academic advisor to begin planning your path to transfer.
