Students arriving at NJCU are required to conduct themselves responsibly and professionally while studying in the U.S. International students are expected to perform and act with the utmost respect, integrity, kindness, and professionalism while they study in the U.S. International students must fulfill all responsibilities as outlined in their Federal Immigration Documents, NJCU contracts (if applicable), and this handbook. This includes, but is not limited to, the following:

- Respect
- Integrity
- Punctuality
- Professionalism
- Kindness
- Patience
- Effective Communication

Anyone found in violation of Federal law, State law, and the [*NJCU Student Code of Conduct*](#) will be cited and a formal written citation will be filed and made available to executive leadership at NJCU, NJCU's designated school official (DSO), and the student's home institution. Please familiarize yourselves with the Student Code of Conduct as well as your rights.

PART 5: SAFETY PROTOCOL

or when using a campus phone, dial ext. 55

ext. 3128, or when using a campus phone, dial ext. 55

Notify Your International Student Advisor

Craig Katz 609-532-1222

SAFETY GENERAL

Your safety is Global Initiative's first concern, and will be the first topic of discussion at each orientation and meeting. It is important that students abide by the safety rules and guidelines NJCU offers. There will be a full orientation with Public Safety at the beginning of your stay.

If there is an emergency off campus, dial 911 immediately.

Safety materials are provided to students in their orientation folders with Public Safety brochures. If an incident occurs where an international student does not feel safe, or does not feel well, the student must report to their supervisors immediately, and the supervisors will address the concern accordingly.

Communication is key: if you don't feel safe or well, you probably aren't. **It's better to trust your instincts and call for a false alarm, than to hesitate and regret you didn't call for assistance.**

You have health and safety resources with Public Safety and the Health and Wellness Center; see #15 in this handbook for important departments and their contact information.

PART 6: HEALTH MEDICAL/ INSURANCE

All students at NJCU are required by law to have an insurance policy that covers emergency medical treatment. You have been enrolled in the NJCU policy for international students and will soon receive an email from internationalstudentinsurance.com about your coverage and ID card. Coverage is mandatory for the entire time you are in the U.S.

06

You have 3 options for insurance coverage:

1 | INTERNATIONAL STUDENT INSURANCE

- Cost: \$120/month
- A charge of \$480 will be added to your Fall bill.
- Coverage includes:
 - Local network of healthcare providers
 - \$300 towards mandatory vaccinations
 - \$25 doctor office visit
 - \$250 hospital stay
 - 50% drug prescriptions
- Coverage details are in the email you will receive and are also available [online](#).
- Plan details can be found [here](#).

2 | GENERAL NJCU UNIVERSITY INSURANCE

- Cost: \$300/semester.
- A charge of \$1,230 will be added to your fall bill.
- Details are [online](#).

3 | YOU MAY WAIVE NJCU INSURANCE IF YOU HAVE ANOTHER COVERAGE THAT MEETS THE FOLLOWING REQUIREMENTS

- Insurance must have a local US network of health care providers that accept the coverage
- Coverage must be at least \$100,000 per accident or illness
- Repatriation of remains in the amount of \$25,000
- Medical evacuation coverage in the amount of \$50,000; and
- Deductibles not to exceed \$500 per accident or illness
- Zero coinsurance for in-network providers

Please review the options and do the following:

- If you do not have an F or J visa or will not physically be in the United States this semester, you are not required to have this insurance. If this is the case, please inform Global Initiatives immediately and the insurance charge will be removed. If you notify Global Initiatives after September 1, you will be charged a cancellation fee.
- If you want the NJCU University coverage, please inform Global Initiatives immediately.
- If you want a waiver to use another insurance, you must send Global Initiatives details of the plan showing all the above requirements no later than September 10. If you apply after September 10, you will be charged a cancellation fee. You must also provide proof of coverage through December 31, 2021.

Please note that when you wish to see a doctor to bring your medical ID card with you. Insurance is an important but complicated matter in the US, so please let the Global Initiatives Staff know if you have any questions.

PART 7:

(INCLUDING COVID-19)

07

IMMUNIZATION FORMS & INFORMATION

All students submit proof of required immunizations before starting classes at NJCU. Students will not be allowed to live in university housing without proof of meningitis immunization*

COVID-19 POLICIES

All international students must complete the COVID-19 vaccine series before arriving in the United States.

Faculty may require masks to be worn in their classes and labs. Additionally, specific departments and the Health and Wellness Center may require masking in their private office spaces. Students and visitors are asked to comply with these requests. It is the university's expectation that each individual choice is respected.

University community members may ask others to wear a mask when meeting. If someone is wearing a mask in an enclosed space, we encourage you to ask others if they would prefer you to wear a mask as well. Please keep in mind that there are members of our community or their families with autoimmune issues or compromised health concerns, and others who have been medically instructed to wear a mask. We ask everyone to be considerate of such requests.

If a student knows or has suspected exposure to COVID-19, students are required to participate in isolation protocols. The NJCU staff will work with the student regarding food access, contact tracing, among other items to keep both the student and the community safe.

All outside guests are currently prohibited.

Please note that [NJCU has access to COVID-19 PCR testing facilities](#).

PART 8:
**EMERGENCY AND NON-
EMERGENCY HEALTH AND
WELLNESS PROTOCOL**

08

Medical Emergency

- Call 911
- Call your RA to assist
- They will notify Public Safety
- Bring your insurance card with you

Non-Medical Emergency

During office hours please go to:

- the Health and Wellness Center located in Vodra Hall, first floor

J1 Students must contact their Primary Designated School Officer, Craig Katz, with all medical issues that require medical treatment ranging from the Health and Wellness Center through the Emergency Room

PART 9: MAINTAINING YOUR LEGAL STUDENT STATUS

During your time in the United States you will hear this term repeatedly. What does it mean? Maintaining your status means you are in alignment with the federal rules and regulations governing your non-immigrant student status. So how do you maintain your status?

09

WHAT TO DO AND WHAT NOT TO DO

Please remember to:

- Register for a full course load of classes each semester. **For graduate students that means 9 credits and for undergraduate students that means 12 credits.** For both academic levels you may only count 1 online course toward the full-time enrollment status. If it is your final semester, you may be below time but you cannot have solely an online class left in your final semester.
- Notify the Office of Global Initiatives within 10 days of your movement, either on or off campus.
- Check your NJCU email account. Our office will not send emails to private email accounts.
- Notify the Office of Global Initiatives of your desire to change your major or academic level. Do not proceed in a new academic level or major without first obtaining a new I-20 with the updated information.
- Do not work off campus without the authorization from the Office of Global Initiatives. This also includes course related internships. Any academic activity, even if for no monetary gain, must be listed as Curricular Practical Training on your I-20 before you start.
- Seek immediate assistance if you need additional time to complete your academic program. You must obtain a new I-20 before your current I-20 expires.
- Keep your passport valid at all times.
- File timely tax returns yearly.
- Make satisfactory academic progress each semester.
- Notify the Office of Global Initiatives of your intent to transfer to a new school
- Obey all laws in the United States. An arrest can lead to a termination of your SEVIS record.

Do not do the following:

- Work or intern off campus without authorization.
- Drop below full-time, unless it is your final semester.
- Move and do not inform the Office of Global Initiatives.
- Let your passport expire.
- Let your I-20 expire.

J-Visa Emergency Helpline:

- 1-866-283-9090 (24 hours a day, 7 days a week)
- The Department of State activated the helpline to ensure the health and safety of its exchange participants. Students have a right to be treated fairly and to report abuse without retaliation or threat of program cancellation.

Curricular Practical Training

Curricular Practical Training (CPT) is authorized employment granted to eligible F1 students to work within their field of study while they are still enrolled in courses. To apply and learn more, schedule a meeting with your DSO.

Optional Practical Training

Optional Practical Training (OPT) is authorized employment granted to eligible F1 students to work within their field of study. This authorization can be granted either before (pre-completion) or after (post-completion) the student completes their studies. Students enrolled in non-STEM^[1] courses are eligible for up to 12 months of post-completion OPT minus any pre-completion OPT time they may have used. Students enrolled in STEM programs are eligible for up to 3 years of post-completion OPT minus any pre-completion OPT time they may have used.

All students interested in applying for either pre- or post-completion OPT must attend a mandatory OPT workshop. Our office will not assist in any application where the student has been found to not have attended a workshop prior to applying.

Please monitor your NJCU email account for the [OPT flyer](#), which goes out each semester.

PART 10:
**CRISIS & MENTAL HEALTH

Students also have access to crisis resources should they need immediate assistance:

PART II: RESIDENCE LIFE & HOUSING

The NJCU International Student Housing Policy states that all international students who are new to the US are required to reside in university housing for their first academic year (two semesters). Inability to afford NJCU housing will not be considered as grounds for an exemption as students must document sufficient liquid funds for one year's academic and living costs in order to receive an I20; unless sufficient funds are documented, NJCU cannot issue an I20 to the student.

Students who are 25 years of age or older or in the United States with their minor children and/or partner are exempt from the mandatory on campus housing policy.

NOTE: Participants in joint degree and other special programs are not eligible for the housing waiver and must reside on campus for the duration of their enrollment.

For questions regarding housing, please see the *Residence Life webpage*.

There are "Swipe" Readers outside of each dormitory and room with an indicator light: the Red Light indicates a locked door, the Green Light indicates an open door. If you are unable to access your dormitory, please notify your Residence Assistant. They will receive two codes directly to their NJCU email (1 pick-up code and 1 validation code). Approach the Kiosk in Vodra Hall, they must choose “pick up parcel” and from there they can enter the pick-up code first, followed by their validation code.

Send any questions, concerns, or need any clarification, their questions can be addressed to mailservices@njcu.edu or 201-200-2094.
